No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
- 8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
- 9) In the case of a tie between a mail bidder on the book and the floor, the mail bidder shall take precedence.
- 10) All bids must be in whole dollar amounts; this includes percentage increases.
- 11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.

- 13) Payment for purchases is to be made in cash upon receipt of invoice. No lots may be taken away unless paid for in full. Bidders not known to us are required to deposit 25% of their bids in advance.
- 14) Title does not pass until payment in full is received. NASCA reserves the right to await clearance of any check before making delivery.
- 15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by NASCA shall be borne by the defendant. The signer of a NASCA bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in New York City as NASCA alone shall elect. The participant in a NASCA auction also assumes both corporate and personal liability for unpaid auction bills.
- 16) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
- 17) NASCA may reopen the bidding on a lot under the following circumstances: 1) NASCA has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
- 18) In the event of a dispute, the auctioneer's decision is final.

GUARANTEES AND RIGHTS OF RECOVERY

- 19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. NASCA reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
- 21) All material in this catalog is guaranteed to be genuine unless otherwise described.
- 22) No lots may be returned by floor bidders except for non-authenticity.
- 23) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale), notify NASCA of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 25) In the event of unsuccessful litigation the plaintiff shall pay NASCA's legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 26) The same protections applicable to NASCA apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 27) NASCA assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 28) All accounts are payable to NASCA in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No credit card payments will be received by NASCA for auction sales, catalogs or other monies due to NASCA.

CONDITION TERMINOLOGY FOR PAPER

- Gem Unc.** (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.
- Choice Unc.** (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.
- Unc.** (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.
- Choice AU** (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.
- AU** (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.
- EF** (Extremely Fine) - An item which may, at first glance, look uncirculated but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.
- VF** (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.
- F** (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.
- VG** (Very Good) - A well circulated item, complete, unimpaired except for petty edge splits, pin holes, some surface splitting along heavy folds and soiling.
- Good** (Good) - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.
- Fair** - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.
- Poor** - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.
- Abt** (before a grade) - A shade below the grade it preceeds.
- Plus or +** (following a grade) - A shade better than the grade.
- VF-EF** (hyphen between grades) - The grade is about halfway between the two grades shown.
- VF/Good** (slash between two grades) - Face and back are two different grades. The grade preceeding the slash is for the face. The grade following is for the back.

The Professional Currency Dealers Association

STANDS FOR

EXPERIENCE and INTEGRITY — the PRICELESS NUMISMATIC ASSETS

While no one can deny that genuine bargains do exist in numismatics, the soundest route to consistently fair and equitable treatment is through a dealer whose integrity and experience have earned him the respect of his peers. In the field of rare paper money a sure sign of these qualities is the coveted logo of Professional Currency Dealers Association.

Not every dealer who aspires to membership in the Professional Currency Dealers Association will be successful. Only those who pass a rigorous examination of their knowledge, experience and business practices will gain admission to what is one of the most exclusive of the numismatic trade associations - the Professional Currency Dealers Association.

Whether buying or selling, be sure to look for the symbol which has become synonymous with fair treatment and full value - the logo of the Professional Currency Dealers Association. When you do business with a member of the Professional Currency Dealers Association you are secure in the knowledge that the recognized experience and integrity of the member dealer backs every transaction with the assurance only such qualities can bring - the assurance of consistently fair treatment and full value.

To receive a complete listing of all members write to the Secretary of the PCDA, PO Box 589, Milwaukee, WI 53201.

LOTS 1 - 1171

THURSDAY, MARCH 29, 1990

8:00 P.M. SHARP

U.S. COLONIAL COINS

- 1 1786 Connecticut Cent. Miller 5.3-N, Hercules Head, Mailed Bust Facing Left. Very Fine. (Photo) (\$600-Up)

Though there are minor flaws in the planchet this is an exceptionally nice example of this elusive type. Most are found with the details on the reverse completely obscured by clashed dies. This specimen must have been struck early in the life of the dies. Light brown with traces of red.

- 2 1787 Connecticut Cent. Miller 6.1-M, Laughing Head, Mailed Bust Facing Left. Extremely Fine / Very Fine. (Photo) (\$250-Up)

The slightly off-center obverse is exceptionally clear and clean. There is an arc of planchet porosity beneath the date.

- 3 1776 Machin's Mills Large 6 in Date. Vlack 6-76A. Very Fine. Dark chocolate with lighter colored devices. (Photo) (\$200-Up)

There is a 8mm vertical scratch in the obverse field near the tip of the bust, but it is healed and hardly noticeable. This is an exceptionally nice example of these lightweight imitations of the British halfpenny, probably manufactured between 1786 and 1789.

- 4 1785 Vermonts, Ryder 2. Overall Fine with some claims to Very Fine. (\$150-Up)

The date and parts of the mottos are obscured due to variations in the surface of the natural brown planchet. There is a split in the edge near "Publica".

- 5 1785 Vermonts, Ryder-2, VG+. There is a die break from the plow through the 8 in the date to the rim. 1786 Vermontsium Ryder-8, Good-VG. On a clear, clean, naturally brown planchet. [2] (\$150-Up)

YOUR COLLECTION COULD BE HERE

NASCA auctions reach the nation's most important collectors of U.S. and International Coins, Currency, Stocks & Bonds, Autographs, Medals, Tokens and Related Items. Consigning is easy. Immediate cash advances are readily available. Call toll-free, 800-622-1880 (NY residents call 212-943-1880).

- 6 **1786 Vermont Baby Head. VG+.** Deep brown with lighter devices. The date is quite readable, unusual for this issue which often is struck with the date low and off the planchet. (Photo) (\$175-Up)

Though there are some scratches, minor porosity, and a dig on the shoulder; this is an unusually clear planchet for this variety.

- 7 **1794 Talbot, Allum & Lee With New York, Very Fine. 1795 Very Fine, 4mm scratch through "O" in "OF".** (\$250-Up)
A well-matched pair on chocolate brown planchets. [2]

- 8 **1795 Talbot, Allum & Lee Almost Uncirculated.** Lovely light brown and problem-free. Traces of original mint lustre are still present on the softly iridescent crystal clear surfaces. This well-centered example is worth a premium bid. (Photo) (\$350-Up)
- 9 **1795 Talbot, Allum & Lee. Extremely Fine.** Deep chocolate brown and quite pleasing. (\$150-Up)
- 10 **Kentucky Plain Edge.** Struck in England (1792-94). **Extremely Fine** on a pleasing medium brown planchet with original lustre still present around the text and central devices. (\$175-Up)
- 11 **Castorland Restrikes. Silver,** restruck from an original obverse die, milled edge, **Proof. Silver,** restruck from original obverse and reverse dies, plain edge, thin planchet, **Proof. Copper,** restruck from both original dies, milled edge, **Proof.** (\$200-Up)
The original reverse dies have a characteristic break through the "S" in "PARENS". [3]
- 12 **1783 Georgius Triumpho, Baker-7. Very Fine.** Medium brown with lighter devices. (\$100-Up)
Some of the detail on the reverse is obscured by the characteristic die breaks.

Washington Pieces

- 13 **1783 Draped Bust, No Button. Extremely Fine.** With nice natural medium brown surfaces. (\$150-Up)
There is a light rim bruise at 2:00 on the obverse.
- 14 **1783 Draped Bust, No Button. Very Fine.** Light brown and lovely (\$125-Up)

- 15 **1783 Draped Bust, Copper Restrike, Engrailed Edge, Baker-3. Proof-63.** The razor sharp strike and shimmering iridescent surfaces add to the handsome appearance of this superb example. (Photo) (\$350-Up)

There are two trivial contact marks in the field behind Washington's head, mentioned for the sake of accuracy only.

- 16 **1783 UNITY STATES. Extremely Fine. (Photo)** (\$175-Up)

A series of parallel striations extend for a short distance from the denticles on both sides (see photo). This appears to be characteristic of some of the planchets used on this series. There is a long crack in the planchet on the reverse at right and there are a few trivial rim bruises.

- 17 **Undated Double Head Cent. Very Fine+.** (\$150-Up)

A light rim nick at the top of one side is hardly noticeable.

- 18 **1791 Small Eagle Cent. Fine-Very Fine.** Deep chocolate brown with lighter devices. There are a few trivial rim nicks. (\$150-Up)

- 19 **1791 Large Eagle Cent. Almost Uncirculated.** An outstanding example, sharply struck, nicely centered and retaining approximately 50% of the original red mint lustre. A premium quality coin well worth a four-figure bid. (Photo) (\$1000-Up)

- 20 **1792 Half Dollar. Idler Copy. Very Fine. "COPY" removed.** (\$125-Up)

Please note that a 10% buyers charge will be added to each lot purchased on all purchases.

- 21 **1795 Halfpenny Grate Token, Small Buttons, Reeded Edge. Extremely Fine. Pleasing medium brown. (Photo) (\$250-Up)**

- 22 **Liberty and Security Penny Undated (1795), ASYLUM edge. Extremely Fine. One of the finest we have ever offered. Perfectly centered, sharply struck with medium brown problem-free surfaces throughout. (Photo) (\$375-Up)**

- 23 **(1795) North Wales Halfpenny. Very Fine. Thin plan, plain edge. This pleasing example is light brown throughout and virtually free of contact marks. The North Wales Halfpennies were struck from worn dies and must be graded accordingly. Almost as nice as the Red Book specimen. (Photo) (\$250-Up)**

- 24 **1787 Fugio Cent STATES UNITED at sides of circle. Almost Uncirculated. The lovely iridescent surfaces retain approximately 20% of the original mint red lustre and contribute to the very pleasing appearance of this premium quality example. (Photo) (\$350-Up)**

- 25 **1787 Fugio Cent STATES UNITED at sides of circle. Very Fine. (\$250-Up)**

- 26 **Washington Funeral Urn Medal. Period After S. White metal. Extremely Fine - Almost Uncirculated. Holed for suspension as usual. An important piece of Washingtonia. (Photo) (\$300-Up)**

Weakly struck in the central portions and there are a series of short, light, parallel scratches near the rim directly below Washington's bust. Otherwise unusually nice.

Silver Sansom Medal

- 27 **1797 Washington Sansom Medal. Baker 72. Broad rims, Silver. Proof, light hairlines in the fields. (Photo) (\$300-Up)**

28-100 No Lots.

The note is a very early example of Texas produced engraving that ties with what apparently was a land scheme. It is signed by E.E. Estes as secretary and Nicholas Clopper as agent. Clopper was from Cincinnati and had acquired lands in Texas in the 1820's. Clopper and his son Joseph's idea was to establish a town at the head of the raft on the Colorado River and connect it with a railroad at the tidewater at Wilson's Creek. This issued note dated April 29, 1841 barely preceded Nicholas Clopper's death in early December of that year. The "City of Portland" does not appear on the map in Hunh & Randells' Guide to Texas (1845 edition).

AMERICAN BANK NOTE COMPANY COLOR PROOFS

We are pleased to offer the following lots containing face and back color proofs by the American Bank Note Company. The following examples are possibly salesmans' samples. They come from a rather narrow range of countries; perhaps that particuar salesman's "territory." The ABN was in serious competition with other printers such as Bradbury, Wilkinson & Co. during the time period that the majority of the proofs come from (1920-40's). All of the proofs are in full color and of the exquisite quality that the American Bank Note Company is noted for. The proofs are on India paper and mounted on their original cards. All should be considered **uncirculated and not cancelled** (POC) unless noted. Many of these notes are **very rare** as issued notes and often a proof or specimen is the only piece available.
